Research Grants for Doctoral Students and Postdocs

Helmholtz Visiting Researcher Grant and Trainee Network

Two funding lines:

1. Trainee Network (for Helmholtz researchers who want to go to another Helmholtz Center)
 2. Helmholtz Visiting Researcher Grant (for researchers from external institutions who want to go to a Helmholtz Center)
- Both programs offer self-organized fully funded short-term research stays (for projects with a **strong link to data/information science**) at one of the 18 Helmholtz centers
 - Aim: Kick off new collaborations, apply your data science skills and expand your research portfolio

A poster for the HIDA (Helmholtz Information & Data Science Academy) featuring a stylized illustration of a ship with a person on board, set against a background of digital data patterns. The text on the poster includes the HIDA logo, a headline about diving into research, an invitation to explore the Helmholtz Association, a description of the academy's mission, and contact information for further details.
